### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

~~This permit is granted subject to all prior rights. There must be installed a headgate capable of being locked, and weir for facilitating the measurement of water at or near the point of diversion. The storage of this water must be handled so as not to interfere with any of the present rights for irrigation lower on the stream.~~

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 750 cubic feet per second.

Actual construction work shall begin on or before May 17th, 1913.

Proof of commencement of work shall be filed before June 17th, 1913.

Work must be prosecuted with reasonable diligence and be completed on or before May 17th, 1916.

Application of water to beneficial use shall be made on or before October 17th, 1916.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 17th, 1916.

WITNESS MY HAND AND SEAL this 17th day of August, 1912.

Cancelled because of failure to file

proof of commencement of work
